Greg e sua família acabam de receber uma herança e vão usar o dinheiro para reformar a casa. Mas obras são uma caixinha de surpresas. E os Heffley vão aprender isso da pior maneira possível. Começa a surgir todo tipo de problema: madeira podre, mofo tóxico, bichos e coisas ainda mais sinistras. Quando a poeira baixar, será que conseguirão morar em terra arrasada ou terão que se mandar para outra cidade?

A série *Diário de um Banana* já vendeu milhões de exemplares no mundo todo. Complete sua coleção!
